Ms. Barker:

Environmental Operations, Inc. is conducting Phase I Environmental Assessment on properties located in Missouri. Under the Freedom of Information Act, we request any information, complaints, or environmental concerns (e.g., asbestos containing materials, polychlorinated biphenyls, hazardous materials or wastes use or release, petroleum product materials or wastes use or release, solid wastes disposal, air emissions, water emissions, industrial activities, etc.) your agency may have regarding these sites and surrounding properties. If no specific onsite information is available, then a general zip code search is a sufficient response to this request. Please send any specific violations or reports regarding the property below. We will notify your office if any additional information is required. We are willing to pay up to \$25 for each site, however, if it goes above this amount, please contact us for approval before proceeding.

PLEASE INCLUDE OUR PROJECT NUMBERS WITH YOUR RESPONSE.
